Task Centre Kit	\$1496
100 tasks on laminated card with all hands-on materials included. The tasks are supported by reference documents prepared on the basis of over 20 years experience in a variety of schools (included), and by Maths300. Tasks available for School Years 2 - 10. Please specify the year levels at which the tasks will be used.	
Task Centre Package	\$2431
<i>Discounted one day workshop</i> led by an experienced consultant <i>and</i> 100 tasks. Please specify Primary or Secondary.	
Task Centre Starter Kit	\$748
For the budget-conscious. Begin with this kit and build on in the future. Includes Teachers' Manual. 50 tasks to suit one of three levels: Years 2 - 4, Years 5 - 7, Years 8 - 10. Please specify which level.	
Task Centre Kit for Aboriginal Students	\$849.50
50 tasks developed by teachers of Aboriginal & Torres Strait Islander students. <i>See over for description</i>	
Maths300	\$495
A web site committed to mounting 300 interesting maths lessons with the aim of promoting discussion about what makes a better mathematics lesson. Around half the lessons provide support for project tasks. <i>http://www.curriculum.edu.au/maths300 for two free sample lessons.</i> <i>See over for description</i>	
Starting Maths300	\$533.50
Maths300 membership (1st year) & CD-ROM of first 50 lessons.	
Starting Maths300 & Tasks	\$946
<i>Discounted package</i> of Maths300, CD-ROM of first 50 lessons & <i>31 Tasks</i> . A great way to begin Working Mathematically.	
Maths With Attitude	per kit \$429
Integrated use of hands-on tasks, whole class investigations and software to help students learn to work like a mathematician. Each of the 16 kits contains: 20 tasks; a CD-ROM of lessons extracted from Maths300; a manual guiding week by week use. Year levels 3/4, 5/6, 7/8, 9/10. Strands <i>Pattern & Algebra, Number & Computation, Chance & Measurement, Space & Logic</i> . Maths300 membership essential. Members price shown. Join Maths300 as above for \$495. <i>See over for description</i>	
Working Mathematically Curriculum Pack	\$3564
<i>Discounted package</i> for a school serious about learning to work like a mathematician. <i>See over for description</i> Contains Maths300 membership, 4 <i>Maths With Attitude</i> kits, <i>Points of View</i> kit, Professor Morris Puzzles and Geoshapes. Includes Professional Development workshop day. Please specify which <i>Maths With Attitude</i> kits you want to include.	
Points of View Mixed Media Unit	\$302.50
<i>Structured to support Multiple Intelligences teaching</i> . A three week unit integrating the use of 10 tasks, class lessons, worksheets and software in a rotating work station model. Uses tasks 31, 32, 67, 69, 77, 78, 90, 103, 104, 192 to explore 2D representations of 3D objects. Manual includes responses from trial teachers & students from Years 5 - 8.	
Chance & Data Replacement Unit	\$357.50
20 Chance & Data tasks and a detailed manual with reproducible investigation sheets. Explore hands-on learning, alternative assessment strategies and investigations within a well-trialed three week unit. Tasks and investigation sheets operate at two levels so the unit has been widely and successfully used from Years 5 - 8. Samples from trial schools included.	
Library Kit For Home Lending	\$368.50
<i>Designed to encourage 'maths around the kitchen table'</i> . 20 tasks for <i>either</i> Primary or Secondary. Each one has an extra parent guidance card that offers hints. Solutions available from home through the Library Kit link at the Home Base below.	
Individual Tasks	each \$14.96
Over 230 available across Y2 - Y10 and all curriculum strands. Teachers have also nominated many for use in K/1 and 11/12.	
Professor Morris Puzzles	\$44
50 cartoon poster puzzles presented in rhyme. Suitable for Years 2 - 8. Reproducible. Includes teachers' notes.

Maths300

Designed to support the delivery of excellent mathematics education, Maths300 offers:

- a growing library of stimulating and challenging lessons, each of which has a professional development focus
- balance across content strands and years K-12
- lessons trialed and improved by teachers
- software written to extend and enhance about one third of the lessons
- a campus licence for the software allowing it to be used on all computers on one campus
- a Working Mathematically framework for every lesson
- a search engine to find lessons by pedagogical features, curriculum strand, year level, or any combination of these
- companion game boards, investigation sheets and answers with discussion where appropriate
- entry to teachers from home via school membership details

About one half of the lessons extend and explore the iceberg of tasks from the Task Centre Project.

The notes offer so much support. Even my extra teachers said they were great; so easy to use.

Membership: **\$495 - first year**
 NB: \$190 annually thereafter

Please include a school email in your purchase order.

Working Mathematically Curriculum Pack

Discounted package designed to support an evolving Working Mathematically curriculum. This top of the line pack contains:

- 4 *Maths With Attitude* kits of your choice. Each kit includes 20 tasks, extracts from Maths300 on CD-ROM and a manual with weekly planners.
- *Points of View* - tasks, manual & software for a visual/kinaesthetic 2D/3D unit.
- Maths300 online membership for 1st year.
- Class set of 3d Geoshapes™ for extended investigations in 3D space.
- Professor Morris Poster Puzzles.
- Professional Development - full day.

Staff development is the essential component of this pack. It is only sold with the equivalent of one day's PD designed to encourage, enthuse and extend your teachers. They will learn to:

- use the Working Mathematically process as a scaffold for learning
- explore the iceberg of a task
- use the three lives of a task to develop a flexible, purposeful curriculum

Overall, an economic collection of components to resource and refresh mathematics curriculum.

Price: **\$3564**
 NB: includes Maths300 membership

Task Centre Kit for Aboriginal Students

Developed by teachers of Indigenous students from Northern Territory and Queensland. Each kit contains 50 tasks on laminated cards with all necessary materials, and comes packed in press-seal bags. The motifs and drawings of students from trial schools enhance each task. The logo of the Task Centre Project derives from the work of two Indigenous students and you can read their story on the web site below.

A teachers' handbook is included. Professional Development is available to support this resource.

Price: **\$849.50**
